 CHIEF COMPLAINT We need help

HISTORY OF PRESENT ILLNESS:

It is a 9 yr. old I no prior
 he, came in after he had
 on incident when he was bitten by
 a snake. He told my wife that
 he was a protection man for his dad & that he was
 bitten by a snake. Aug 2022.
 I was at my dad's house and the snake bit me.
 and my dad told me not to tell
 my mom. My dad made me swear
 on the bible that I would not tell.
 Told her in Feb 2022. - Since he
 was here my nightmares were up in
 middle of night fully awake & screaming
 Grades fell from 85-30
 Started missing coming in + out of school &
 Dr. Shultz

It is a consistency with about what happened
 I get scared when I see a tree
 anything that snakes.
 I sometimes will see snakes in classroom.
 Change in personality - quieter, not as outgoing
 but more introverted.
